

FILIFE OLIVEIRA

Frontend Developer | React & TypeScript | Web UI Engineering

Lisbon, Portugal | Open to Remote | +351 914 546 263 | filipeoliveira@filipsol.com

Portfolio: filipsol.com | LinkedIn: linkedin.com/in/filipsol

PROFESSIONAL SUMMARY

Frontend Developer with 13+ years of frontend engineering experience, specialising in React, TypeScript and modern web UI development. Experienced in building and modernising enterprise applications, reusable component systems and micro-frontend architectures, with a strong focus on responsive design, accessibility, performance and code quality. Combines a strong UX/UI background with hands-on engineering experience and has worked in international Agile teams, client-facing environments and frontend leadership roles.

CORE SKILLS

Frontend	React, TypeScript, JavaScript (ES6+), Next.js, HTML5, CSS3, SASS
UI Engineering	Responsive Design, Accessibility (WCAG), Storybook, Material UI, Bootstrap, Figma
Architecture	Micro-frontends, Single-SPA, Reusable Component Systems, REST API Integration, Legacy Modernisation
Quality & Delivery	Jest, Playwright, SonarQube, Code Review, GitLab, Bitbucket, Azure DevOps, Jira, Agile/Scrum

PROFESSIONAL EXPERIENCE

Frontend Developer | agap2 IT *Mar 2025 - Aug 2026 | Lisbon / International*

Client assignment: CGI / Robert Koch Institute (Germany) | Mar 2025 - May 2026

- Maintained and enhanced multiple React + TypeScript applications, delivering reusable UI components with Storybook and pixel-accurate implementation from Figma.
- Strengthened frontend quality through Jest tests, SonarQube analysis, code reviews and merge-request approvals; supported deployments across GitLab environments.
- Worked in Agile Scrum with estimation, sprint planning, Jira and cross-functional collaboration on an international Robert Koch Institute project in Germany.
- Stack: React, TypeScript, HTML, CSS, Storybook, Jest, SonarQube, REST APIs, GitLab, Figma.

Professional Development | Jun 2026 - Aug 2026

- Continued with agap2 IT after completion of the CGI assignment, focusing on structured frontend training and technical upskilling.
- Deepened knowledge of React, TypeScript, Next.js, micro-frontends, Storybook and Playwright through hands-on training.

Frontend Developer | Aceve (formerly HVD Group) *Feb 2024 - Mar 2025 | International*

- **Built a React micro-frontend for payment-summary data and developed proof-of-concepts for micro-frontend architecture using Single-SPA and Adyen web components.**
- Maintained and modernised Vue 2 and Angular applications, improving legacy UI code, maintainability and performance while adding new product features.
- Built the HVD Group landing page from scratch with HTML, CSS and JavaScript, and delivered interfaces closely aligned with Figma designs.
- Collaborated with UX/UI and engineering teams across Sweden, Denmark, Norway, Finland and Germany; participated in on-site work in Stockholm.
- Stack: React, TypeScript, Micro-frontends, Vue 2, Angular, SASS, Material UI, Bootstrap, Jest, SonarQube, GitLab, REST APIs.

Frontend Developer / Frontend Lead | Deloitte Digital (formerly Wingman) *May 2016 - Nov 2023*

- **Led frontend delivery on selected projects, mentored/onboarded junior developers, reviewed pull requests and coordinated work through Jira/Azure DevOps and GitLab/Bitbucket.**
- **Delivered frontend features and long-term platform improvements for large international clients in aviation, transportation and cruise/travel.**

- Improved performance, modularity, responsive behaviour and Core Web Vitals; implemented high-accessibility web interfaces, including AAA-oriented work for a major Portuguese airline.
- Integrated React, Angular and Vue with enterprise CMS platforms including Sitecore and Adobe Experience Manager (AEM), including headless Sitecore + React.
- Translated Figma, Sketch and Photoshop designs into production-ready interfaces and collaborated directly with UX/UI teams, clients and backend developers.

Frontend Developer | Exictos - Asseco Group Jul 2013 - May 2016

- Built banking web applications and institutional websites using HTML, CSS and JavaScript, translating UX/UI designs into responsive interfaces.
- Integrated frontend work with backend services and dotCMS/Velocity; also contributed Android layouts and technical documentation for content teams.

Frontend Developer | dJomba - New Media & Digital Marketing Sep 2012 - May 2013

- Developed promotional and portfolio web applications using HTML, CSS, JavaScript, jQuery and PHP, converting design files into responsive web interfaces.

SELECTED TRAINING & CONTINUOUS DEVELOPMENT

- Microfrontends with React: A Complete Developer's Guide - Udemy, 2026
- Next.js & React - The Complete Guide - Udemy, 2026
- **Playwright - Complete Beginner Course (UI + API) - Udemy, 2026**
- Advanced React & Storybook: From Component Library to CI/CD - Udemy, 2026
- React & TypeScript - The Practical Guide - Udemy, 2026
- React - The Complete Guide + TypeScript - Udemy, 2022-2024

EDUCATION & LANGUAGES

Technical Qualification Level IV - Multimedia Technicians Course, Centro de Artes Gráficas e Multimédia da Venda Nova (IEFP), 1998-1999

Languages: Portuguese (Native) | English (B2 Upper-Intermediate) | French (Beginner)
